

LOTUS PETAL

Glenn Smith was raised on the west coast of British Columbia, Canada. His greatest loves at the time were being out in nature and swimming in the pristine lakes of central BC. After raising a family and running a successful healing practice he moved on to create more in his life. After meeting his muse a story began to come to his mind and his pen started to flow.

The writing of *Lotus Petal* was cathartic at times. Weaved through the story is the beliefs and philosophies that had served the author throughout his life. As Tin evolves with his spiritual development, his destiny in life becomes very clear to him. He must accept and embrace all of who he is to realize his truth. As he opens to the support that is all around him he flourishes.

This simple tale tells how the boy, Tin, born amid great expectations, is torn from his family by the Emperor's men and sets out on a journey of learning and self-discovery. He briefly meets the enticing Lotus Petal, and when she vanishes, his goal is to find her. His learning experiences with many mentors over several years give him mystic knowledge. Tin sets out to confront the Emperor and uses his special powers to depose him, bringing prosperity to his people, and reuniting him with Lotus Petal.

It's a spiritual parable that is firstly meant to entertain and secondly to educate the reader...
